# WARNING

The legal voters in March Meeting of the Town of Weathersfield are hereby notified and warned to meet in the Town Hall in said town, on Tuesday, the 2d day of March, A.D. 1920, at 10 o'clock in the forenoon, to transact the following business:

1. To elect a moderator and town clerk for the ensuing year.
2. To vote by ballot on the following questions:
  - (a) "Shall license be granted for the sale of intoxicating liquors in this town?"
  - (b) "Shall licenses of the fifth class be granted in this town?"
3. To hear reports of town officers and take proper action thereon.
4. To see if the town will vote to authorize the selectmen to appoint one or two road commissioners.
5. To see what sum per day the town will vote to pay its town officers.
6. To elect all necessary town officers for the ensuing year.
7. To see if the town will vote to appropriate a sum of money for Memorial Day, and if so, how much.
8. To see if the town will vote to appropriate a sum of money for the support of the Proctor Library, and if so, how much.
9. To see if the town will vote a sum of money to be used in building permanent highways as provided by Sec. 4591 of the General Laws, and if so, how much.
10. To see if the town will vote a sum of money for resurfacing highways, and if so, how much.
11. To see what action the town will take about building new concrete bridges across the so-called Bark Mill Brook and Mud Brook, on the river road between Ascutneyville and Weathersfield Bow.
12. To see what tax the town will vote to pay the current expenses of said town for the year ensuing, and to pay the indebtedness of said town.
13. To see if the town will vote to have all taxes paid into the treasury, as provided by law.
14. To see if the town will vote to accept gifts, grants or bequests of money, the income from which is to be used for the care and improvement of cemeteries or private lots therein.
15. To transact any other business necessary and proper when met.

## SCHOOL DIRECTORS' REPORT

### Auditors:

In this the report we are required to make to the Auditors, we will endeavor to give the approximate figures of the School Department for the period from February 1, 1921, to February 1, 1922.

We have had seven schools, with 208 pupils, and the average cost per pupil has been \$43.45. We have also 30 High School pupils with a cost of \$35.08 per pupil. This cost will be somewhat higher the coming year inasmuch as the rate of tuition has been increased.

The cost of the Perkinsville school was	\$2,562 64
The cost of the Amsden school was	863 09
The cost of the Gould school was	923 25
The cost of the Ascutneyville school was	1,349 05
The cost of the Weathersfield Bow school was	1,075 02
The cost of the Weathersfield Center school was	992 69
The cost of the Upham school was	751 73

We are greatly in need of additional playgrounds at Perkinsville, and we hope some appropriation can be made for this purpose. There are also some minor repairs and improvements needed at Perkinsville, which probably can be taken care of from the regular funds. Weathersfield Center school buildings are probably in need of the most attention, some of which can be taken care of in the regular way, but we would like to see a move made for the standardization of at least one school and would recommend this be the Center school. We can get aid from the State in this direction; that is, if we expend \$400, the State will give us \$200. This seems a golden opportunity to put our schools up in the condition they really ought to be kept in; in other words, this standardization is not a lot of red tape, but things necessary for the comfort and the protection of the health of our children.

In recommending our needs for the coming year it is hard to see where we are going to be able to run the schools for much, if any less, than the present cost. It is hardly probable that we will be able to hire good teachers for any less than we are now paying, and we are inclined to want to keep as good teachers anyway as we now have.

We have had to employ an extra teacher part time at Ascutneyville on account of so many pupils in so many different grades, and will undoubtedly have to continue to do so, which will mean additional expense over last year.

Some other things will be cheaper but probably not to any great extent.

After some consideration we would say that there will be needed the coming school year:

For teachers	\$6,750 00	Present cost	\$6,664 00
For janitors	304 00	Present cost	304 00
Sch. Dir's, services and exp.	250 00	Last year	269 19
Repairs and upkeep	700 00	Last year	741 64
Fuel	300 00	Last year	487 06
Transportation	700 00	Last year	1,183 00
Elementary tuition	100 00	Last year	107 00
High tuition	1,600 00	Last year	910 00
Supplies	200 00	Last year	106 82
Text books	100 00	Last year	70 07
<hr/>			
\$11,004 00			

We believe this amount will take care of current expenses.

Respectfully submitted,

G. E. LOCKWOOD,  
WM. H. MACK,  
W. H. HASKELL,

School Directors of Town of Weathersfield.

## SCHOOL DIRECTORS' REPORT

---

There has been seven schools the past year with 191 pupils and the average cost per pupil has been \$44.78. We have also paid high school tuitions amounting to \$1786.86.

Approximate cost of Perkinsville school	\$2372 85
Approximate cost of Amsden school	1217 52
Approximate cost of the Gould school	981 50
Approximate cost of Ascutneyville school	1305 21
Approximate cost of Bow school	888 73
Approximate cost of Center school	847 45
Approximate cost of Upham school	772 75

The Ascutneyville school has been standardized this past year. A new furnace bought for Amsden and also electric lights installed. Additional playground bought for Perkinsville school, also a new spring house built to protect the water. A new spring secured and a good supply of drinking water for Ascutneyville school.

Some small repairs in other schools to keep them in a comfortable condition. The Center school building is in bad shape and something will have to be done there soon. We hope to be able to standardize two schools this coming year if we are able to get the state aid.

In recommending for our needs this coming year, we would recommend the same amount as last year. Fuel will cost more this coming year.

For the coming year we would estimate as follows:—

For teachers	\$6500 00
For janitors	300 00

School directors' services	
and expenses	200 00
Repairs and upkeep	700 00
Fuel	400 00
Transportation	600 00
Elem. tuition	200 00
High tuition	1700 00
Supplies	200 00
Text books	100 00
	<hr/>
	\$10900 00

This amount will, we believe, take care of current expenses and make some needed repairs and improvements.

Respectfully submitted,

G. E. LOCKWOOD  
CARRIE A. UPHAM  
WM. H. MACK

School Directors.

## HEALTH OFFICER'S REPORT

---

Woodstock, Vt., Jan. 9, 1923

To the Voters of the Town of Weathersfield:—

There has been no epidemic of contagious disease in your town this year. The contagious diseases reported are as follows: Chicken Pox, 1, Diphtheria 1.

During the present school year the Schick test and toxin-antitoxin immunization will be offered, free, to all school and pre-school children in your town. The Schick test is the means of telling whether or not an individual is susceptible to diphtheria. The toxin-antitoxin is used to immunize those who are susceptible, and gives a permanent immunity against diphtheria.

Very respectfully,

CHARLES W. KIDDER,

District Health Officer.

## SCHOOL DIRECTORS' REPORT

---

This past year there has been many repairs made on the school property. The work of standardizing the Ascutneyville school has been completed. A new furnace bought for Bow school and also for the new building. Through the efforts of the Parent-Teacher association at Perkinsville electric lights have been installed and the grounds have been fenced.

At Amsden the entire inside has been newly decorated and a new metal ceiling put up.

At the Center the entire inside has been decorated, the back of the building shingled, and some much needed repairs on the foundation.

At Upham school we have new slate blackboards.

A new building has been erected to accommodate the children from the Marsh and Gould districts, located about central between the two. This will eliminate the money spent in the past for transportation. This is in every way sanitary and has been approved by both the health department and also by the board of education. The old building in the Gould district has been closed. This building no longer passed the requirements of the board of health.

In recommending for the coming year we feel the following should be sufficient to run the schools:

For teachers	\$6500 00
For janitors	300 00
Directors' services and ex-	
penses	200 00
Repairs and upkeep	500 00

Fuel	400 00
Transportation	300 00
Elementary tuition	200 00
High school tuition	1700 00
Supplies	200 00
Text books	100 00
	<hr/>
	\$10400 00

We wish to take this opportunity to thank the people for their loyal support in some of the trying times passed over this year.

Respectfully submitted,

G. E. LOCKWOOD

FRED A. LUTHER

## HEALTH OFFICER'S REPORT

---

To the Voters of the Town of Weathersfield:—

My period of service as health officer covers eight months and this report will necessarily be somewhat brief as there are some things that I have not looked into as fully as I would like to in order to make a satisfactory report, but shall endeavor to do so before another year and make a more detailed report. Improvements have been made in some of the school buildings, especially the Center and the Amsden school. The new Marsh district school is a fine school and meets all the requirements of law.

There have been few cases of contagious diseases since my appointment. A few cases of whooping cough and a few of diphtheria, of which there were two deaths. The whole number of contagious diseases were:—Whooping cough, 7; diphtheria, 7.

There have been several cases of whooping cough in the town that were not reported to me and I could take no action.

I would impress upon parents the importance of looking after all children of school age and the necessity of reporting all cases of contagious diseases and take all possible precaution to avoid an epidemic of any kind so far as lies in their power.

FRED A. LUTHER,

Health Officer.

Weathersfield, Vt., Feb. 5, 1924.
